Interior Design

## euromedia SmoothWall FR

Genuine Erfurt fleece wallpaper for modern applications using solvent, UV or latex printing. Plain, smooth surface with a special finish for almost photo-realistic image reproduction. Easy to use and apply with common fleece pastes. Manufactured by Erfurt & Sohn. New: The new homogeneous surface of Smooth Wall FR is smoother and weighs now 210gram. This allows to stick and handle the material much better.

Robust euromedia SmoothWall FR is PVC-free, which makes it extremely environmentally friendly. Thanks to its DIN EN 13501 flame-retardant certification, there are no limits to its use indoors. The perfect requirement for trade fairs. The special coating guarantees very good printability. Its excellent dimensional stability makes butted application easy producing clean results. Wallpapers can then be removed later dry and without leaving a residue.

### Dimensions
